

INVERTER CHARGER LIDERS "PURPLE WAVE" 3000W

MODEL	NB30248
Dimensions	425x200x335
battery	48V
Net weight	28kg.
Input voltage	145V ~ 275V
Input of frequency	60HZ ± 35%
Output voltage AC	220V ± 35%
Output from frequency	60HZ ± 0.5
Distortion of the departure	± 0.3%
Load	05A - 15A (adjustable)
Monitor	LCD- LED (Optional)
Noise	≤50Db
Temperature	0 ° C - 40 ° C
Overload	110% overload, 30 seconds automatic low Produced; 120% overload, 2 seconds automatic Low produced, the city of electric overload Not closed, the buzzer beeps.
Short circuit	Output short circuits, one ringing tone, 20 Seconds after the closed dropdown Automatically.
Battery	Protection of high voltage and low voltage battery
